\$200 Every 30 Minute High Hands*
12:00 am - 2:00 am

Full Payout to \$2 - \$4 Limit Games and Higher and Half Payout for \$2-\$2 limit games.

Only one high hand winner per high hand period for all eligible Texas Hold'em / Omaha games between Orange City Racing and Card Club AND Daytona Beach Racing and Card Club. If there is a tie for the high hand then the high hand amount will be divided evenly amongst all eligible players. If there is no winner for the time period, the roll over amount will be added to the next payout. On games of \$2-\$4 limit and up there will be a \$2 maximum amount removed from each pot that totals \$15 or more including the rake, \$2 when the pot reaches \$15. On \$2-\$2 limit a \$1 maximum amount will be taken for each pot that totals \$10 or more including the rake, \$1 when the pot reaches \$10. Only the player with the highest card combination will be paid out for the designated time period. Any mis-call will not be paid if the hand was beat for the time period. If a high hand is announced, and after review there is a hand that rightfully beat it, the rightful high hand will be paid out for the time period. We are not responsible for any misinformation given out.

Aces Full Qualify - Both Hole Cards must play. The start of the hand will determine the eligibility of a "high hand." A hand begins with the first riffle. If an automatic shuffler is used, the hand begins when the green button is pushed. Any player caught showing their hand or talking about a hand in order to make other players at the table fold will be disqualified. The high hand winner of the time period will be announced 5 minutes after the time period has ended. The high hand is eligible to win more than one promotion. If there is a challenge or discrepancy of the time, and a review is needed, the rightful winner for that time period will be paid, and the official high hand will stand as long as the requirements are met, or any promotions using a card combination. There will be no review made once the winner of the high hand has been paid out. Omaha qualifications are different. See separate rule sheet for Omaha qualifications. Player does not have to win the pot in order to qualify for the high hand.

Must be 18 or older to participate. All funds will come from the Texas Hold'em/Omaha jackpot fund & must be based on a card combination. Must be playing in Jackpot eligible Texas Hold'em/Omaha games to qualify. Mixed Games not eligible. Pot must be a minimum of \$10 including the rake and jackpot and a minimum of four players in the hand to qualify for the promotion. The hand does not have to go to show down. Some restrictions apply and management reserves the right to change or modify promotions at anytime.
